### Special promotions

The search for products of Japanese and Korean origin is common, as most of the new vessels are built in Asia. We have our own sources in Japan and Korea, which ensures most of the requested items can and will be found within reasonable time. Of course we always try to keep our rates competitive.

Ditco is an international company with a solid position in the world market for ship and industry supplying.

Founded in 1988 as a general ship supplier, the company has grown into an internationally operating organization. Its core activities are ship supplying, import of (exclusive) Italian food, sample service and industrial supplies.

Ditco is operational across five continents, with Europe being their most important market. Their Italian

background (Dutch Italian Trading Company) has created the company a well known position in Italy.

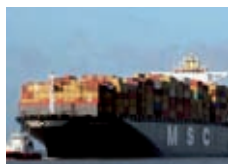

#### ISO 9001:2000

Ditco is certified by Lloyds for ISO 9001:2000, with a 6-months follow-up by one of their engineers.

#### Members of:

- N.V.v.S. (Dutch ship suppliers association)
- I.S.S.A. (International Shippers and Services Association)
- I.M.P.A. (International Marine Purchasing Association)

## Looking for a sample?

Our Sample Service Centre (SSC) collects real-life samples, drawings or just "more information".

We trace the ship's requested item(s) using our sources all over the world.

Samples and drawings can be sent to our office(s) by email or by fax.

Requested products with a delivery time can be sent to any place, worldwide, or we keep it in backorder. We are able to trace 95% of all requests, approximately 300 a week!

We supply (ships)(spare)parts of any kind and any brand. For

undeliverable items we can supply suitable alternatives if requested.

For over 20 years we have been following this successful strategy, satisfying a big number of clients.

Need a problem to be solved? Contact us!

## Our partners

We have built strong partner relationships with several companies in order to supply the best service and products.

## Sample Service Centre

"Experience professionalism, reliability and convenience as our interpretation of ship supplying."
